

Dear

What a beautiful tooth you left me last night. I am so excited to have it for my collection! I can tell you do a very good job taking care of your teeth!

I love to use my magic wings to fly in through small spaces to collect teeth from children. It is very special when they remember to leave one for me, then I get to leave them a surprise! Did you like the surprise I left you?

Well, off to collect more teeth. Remember to brush and floss to keep the sugar bugs away!

Have a fairy good day!

Your friend,

The Tooth Fairy
